NEWSLETTER - SEPTEMBER 2025

The information in our newsletters is always very important—thank you for taking the time to read it.
It will soon be time to say goodbye… until next spring!
Thank you for this wonderful season.

AUTUMN IS NEAR, AND IT'S ALMOST TIME FOR THE BIG CLEAN-UP.

Maintenance of your site

As you know, it is your responsibility to maintain your site, which also includes raking leaves both in the fall and in the spring. You are, of course, always welcome at the campground to take care of your site.

LEAVES TO COMPOST

Leaf compost: at the back of the campground, on the left (see photo).

⚠ **IMPORTANT: LEAVES ONLY** – no bags, rocks, or other waste.

1 **Reuse your bags**

- Paper bags (available at the office for $2.50) can be emptied directly into the compost and reused.

2 **Trailer or truck**

- A tarp = quick and efficient! Lay it on the ground, fill it with leaves, then with two people, dump it into your trailer or truck.

3 **As a last resort**

- If you cannot bring your leaves to the compost: leave your bags at the edge of your lot (leaves only).
- ⚠ Overly heavy bags will not be picked up.

DEAD LEAVES = INSECT HABITAT

- Please do not blow your leaves to the back of your lot: it's the perfect spot for mosquitoes, black flies, fleas, and ticks.

  👉 The fewer nesting areas, the more enjoyable our summer will be for everyone!

LEAF CLEAN-UP – October 25 & 26, 2025

Let's make it useful *and* enjoyable

- Let's clean up the campground before winter
- It's easier in the fall than in the spring
- A light lunch and one last chance to catch up with your seasonal friends before next season

RESTROOMS AVAILABLE

Good news! After closing, the laundry room restroom will remain accessible for those coming to clean their lot.
